Gentlemen:

I would like to place in nomination the name of Miss Clara Barton to be included with those other great Americans that your organization has honored.

This year is the Sesquicentennial year of Miss Barton's birth and it would be most appropriate if her name could be considered this year. As you most likely know, Miss Barton was the founder of the American Red Cross and was instrumental in aiding and comforting the wounded during the battles of the Civil War.

I am not knowledgeable on the exact procedures to follow to acquire this recognition for Miss Barton. But, if it is possible for you to consider this nomination, and there is further that I should do, I would be most willing to do all that I can.

May I extend my sincere appreciation to you for any consideration you might give to this letter.

Very truly yours,

Janice R. Moore

(Mrs. Harlan P. Moore)
